### AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application.

#### Listing of Claims:

Claims 1-16 (*Canceled*)

17. (*currently amended*) A perfumed detergent tablet, the tablet comprising a clay mineral compound, a heavy metal ion sequestrant from 0.5% to 5% by weight of the tablet and a perfume composition that is substantially free of Schiff base.
18. (*previously presented*) A perfumed detergent tablet according to Claim 17, wherein said tablet further comprises a coating.
19. (*previously presented*) A tablet according to Claim 18, wherein the clay mineral compound is present in the coating as particles that have a size below 75  $\mu\text{m}$  diameter.
20. (*previously presented*) A tablet according to Claim 17, wherein the tablet is a softening tablet.
21. (*previously presented*) A tablet according to Claim 18, wherein the coating comprises an organic phosphonate the heavy metal ion sequestrant.
22. (*cancel*)
23. (*previously presented*) A tablet according to Claim 17, wherein the perfume composition is free of perfume ingredient mixtures selected from the group consisting of Methyl Anthranilate and HydroxyCitronellal; Methyl Anthranilate and Methyl Nonyl Acetaldehyde; Methyl Anthranilate and PT Bucinal; Methyl anthranilate and Lyral; Methyl Anthranilate and Ligustral; and mixtures thereof.
24. (*previously presented*) A tablet according to Claim 18, wherein the coating further comprises an acid having a melting temperature of at least 40°C.
